Worship Ministry Team

Contemporary Worship Task Force: Wednesday, February 13, 2008

Present:

Pastor Mathews, Kathy Mathews, Nancy Pacyna, Julie Fisher, Jan Hess.

Minutes of the January 2 meeting were approved.

Emerging issues:

Members agreed that two issues are emerging from our discussions and consideration – 1) the option for a second, early morning Sunday contemporary service and 2) the option for an occasional, perhaps monthly, evening contemporary service.

The members recommended a pilot project initiating an early Sunday AM contemporary service this spring. Target dates are: April 20, 27, May 4, 11, 18, 25 and June 1 with an option to continue during summer and fall.

ELW settings 2 & 8 were reviewed and setting 2 was chosen for introduction during the pilot project. The music appears relatively easy to learn and coordinates well with contemporary hymnody. Seasonal worship booklet bulletins will be prepared and worship content will be projected giving worshipers a choice of worship resources. Recorded music will be used.

The following skills and resources will be needed to get the contemporary service operational:

- Projection/audio tech people
- Music leaders – vocal and instrumental musicians
- Choice of contemporary hymns – Julie volunteered to do this. Thanks!
- Evaluation – someone to develop a survey for feedback from worshipers

Choices for the next meeting date are: Sunday 2/24 or 3/2 after church or Wednesday 2/27 or 3/5 prior to Lenten service. **Please contact Jan with your preference by Monday 2/19 @ 586-4718 or jrhess305@yahoo.com.**

Your assignment for the next meeting: Bring your ideas for resources and people who can assist with the tasks listed above.

Respectfully submitted: J. Hess
