

**Trinity Lutheran Church  
Clarks Summit , PA**

**Worship Ministry Team**

**Contemporary Worship Task Force: Sunday, March 2, 2008**

**Present:**

Pastor, Kathy Mathews, Brenda Grunza, Dylan Grunza, Julie Fisher, Ray Keller, Nancy Pacyna, Jan Hess

**Feedback on CW service at Holy Trinity, Kingston:**

Nancy and John attended on March 1 and supplied a bulletin from the service for members to review. Nancy reported that the service was very up-beat and utilized a praise band.

**Emerging issues:**

Music leadership and technical personnel required to implement the CW service will be recruited via newsletter, bulletin insert and email. Members will email their suggestions to Pr. Mathews. This will be a good opportunity for youth and young adults to volunteer. Usher and acolyte tasks will be assigned informally. The 8:15 service will be added to the lector schedule.

Julie reviewed her selection of contemporary hymns (ELW) for possible use during the pilot project. Choices are fairly easy to sing. Julie will forward a list of the hymn numbers to Pastor.

Brenda offered to contact John Buntz at Shavertown UMC re: contemporary music & worship resources.

Most of the meeting was spent reviewing Pastor's projected worship service created using PowerPoint and Music Maker 12. Pastor demonstrated how text and music could be merged to provide endless possibilities for musical resources used alone or in combination with live music. Our existing keyboard is compatible with digital input.

CW tentative start-up target date is April 20 at 8:15. Members also support consideration of a periodic (monthly?) evening CW service.

Thank you to everyone for the time, talent and attention you've given to this project.

**Next meeting:**

Sunday, March 16 @ 11:45 am in the sanctuary.
