Contemporary Worship Task Force:

The minutes from the August 19th meeting were reviewed. The estimate for AV equipment (video to be completed by J. P. Lilley and audio to be completed in house) is approximately \$5000. The team agreed to propose to council that we purchase this AV equipment. The first contemporary service will be on October 12.

Altar guild:

There have been several problems with ordering the fair linen. Pat is going to get a new catalog and try a different company.

A new altar guild member is needed. Pat is asking some people directly, but still needs help.

Choir seating area: After discussion, the group agreed that the choir should remain in the current location. They will optimize the seating/standing arrangement.

The piano will be moved back to the parish house on 8/31.

Choir: All choir music is chosen through the end of December.

Other Matters:

There is a Sacred Music Festival at St. Peter's (*Hughestown*) on September 7th at 3:00 pm.

Stephen recommended displaying various words of Christ throughout the church.

Next meeting:

October 23 at 7:30 pm after choir
